The United States Pony Clubs, Inc. STANDARDS OF PROFICIENCY FOR C-1/C-2-LEVEL EVENTING (TRADITIONAL)

The United States Pony Clubs, Inc., establishes Standards of Proficiency within the framework of the international Pony Club movement as the educational curriculum for a program of instruction and evaluation of its members for certifications in three primary areas: Horse Management, On the Flat, and Over Fences.

The **D-Levels** offer an introduction to the fun and challenge of riding, establishing a foundation of safety habits and knowledge of the daily care of a mount and related equipment. The D-level Horse Management focuses on acquiring the knowledge and skills related to care and ground handling of the mount. The D level-member may also learn and be evaluated on riding independently on the flat, with control, maintaining a reasonably secure position at the walk, trot and canter. In addition, the D-level members may choose to learn and be evaluated while riding their mounts over low fences. All D certificates are awarded at the club/center level.

The **C-1 and C-2 Levels** are for the Pony Club member learning to become an active horseman, to care independently for his/her mount and tack, and to understand the reasons for what he or she is doing with the mount while either mounted or unmounted. Similar to the D-level, the C-1 and C-2 levels focus on advancement and evaluation of Horse Management skills as well as show development towards a secure, independent seat and increasing control and confidence in all phases of riding, flat and/or jumping. The C-1 and C-2 certificates are awarded at the club/center level.

The **H-B, C-3, B, H-HM/H/H-A and A Certifications** are facilitated on a national basis and require a greater depth of knowledge and proficiency than the earlier certifications. Successful candidates are competent, all-around horsemen, active and contributing members of USPC, who participate in a variety of Pony Club activities. They are also thoughtful leaders who set an example for all. Each of the national-level certifications have a minimum age requirement.

The **H-B Certification** covers Horse Management knowledge and skills that demonstrate increasing awareness, education, and competence in the care and handling of horses and in teaching the same skills to others. It reflects the theory and study as well as the practical aspects of unmounted horse management that can be expected of a high school curriculum. The minimum age for the H-B certification is 13 years old.

The **H-HM/H/H-A Certification** requires the knowledge, experience and maturity to evaluate and care for a mount's needs efficiently and in a variety of circumstances, to competently ground train horses; and to teach riding and horse care to others. It reflects the theory and study as well as the practical aspects of unmounted horse management that can be expected of a college curriculum. The minimum age for the H-HM/H/H-A certification is 16 years old.

At the national level, Pony Club members may choose to follow one or all of three riding tracks. They are: Traditional, Show Jumping or Dressage.

The **C-3 Certification** reflects a basis of competence in riding, ground schooling, and horse care that will make possible a lifetime of pleasure with horses. The certification has both demonstration and discussion components. It is the first of the riding certifications to evaluate a member's ability to seamlessly transfer their riding skills from their own horse to an unknown horse. If the C-3 riding test is passed before the H-B, the member becomes a C+. The minimum age for the C-3 certification is 13 years old.

The **B Certification** is for the active horseman and Pony Club members who are interested in acquiring further knowledge and proficiency in riding. The B is able to ride experienced mounts, both their own and others, with confidence and control. Similar to the C-3, the certification has both demonstration and discussion components. The B should be able to ride and care for another person's experienced mount, maintaining proper mental and physical condition without undoing any of the mount's education. The B understands and is able to explain the reasons for what he or she is doing. The minimum age for the B certification is 14 years old.

The **A Certification** is the highest riding certification available to members. The A is able to ride mounts at various levels of schooling with judgment, tact and effectiveness; to train young mounts; and to re-train spoiled mounts. Like the C-3 and the B, the A understands and is able to explain the reasons for what he or she is doing as well as demonstrate the skills required. The A understands and demonstrates a variety of training techniques and discusses their training techniques as a trainer. The minimum age requirement to take the A certification is 16 years old.

NOTE: In addition to its instructional programs, USPC offers a variety of activities at club, regional, inter-regional and national levels for team and individual participation. Please visit www.ponyclub.org for a list of activities. Achieving a certification does not necessarily qualify the Pony Club member for competition in any horse sport, discipline, or activity. Further study and preparation for a particular activity, including working as a team member, is necessary.

Our Mission:

The United States Pony Clubs, Inc., develops character, leadership, confidence and a sense of community in youth through a program that teaches the care of horses and ponies, riding and mounted sports.

Our Core Values:

Horsemanship with respect to health-care, nutrition, stable management, handling and riding a mount safely, correctly and with confidence

Organized teamwork including cooperation, communication, responsibility, leadership, mentoring, teaching and fostering a supportive yet competitive environment

Respect for the horse and self through horsemanship; for land through land conservation; and for others through service and teamwork

Service by providing an opportunity for members, parents, and others to support the Pony Club program locally, regionally and nationally through volunteerism

Education at an individual pace to achieve personal goals and expand knowledge through teaching others

Heights of Fences D to A for Eventing Levels:		Heights of Fences for Show Jumping Specialty Levels:	
Level	Height	Level	Height
D-2	18"	C-3	3'7" – 1.10m
D-3	2'3"	B	3'9" – 1.15m
C-1	2'9"	A	4'3" – 1.30m
C-2	3'0"	C-3=Level II-III**	
C-3	3'3"	B=Level III-IV**	
B	3'7"	A=Level V-VI**	
A	3'9"	**See USEF Level Descriptions	

Dressage Specialty Levels:

C-3 = First Level**
B = Second Level**
A = Third Level**

Explanation of H-HM/H/H-A Level:

H-HM: A candidate who passes all requirements of the H-A test and is an H-B member
H: A candidate who passes all requirements of the H-A test and is also a C-3 member
H-A: A candidate who passes all requirements of the H-A test and is also a B member

HEADGEAR: A properly fitted equestrian helmet, securely fastened, containing certification that it meets or exceeds the criteria established by a national or international safety body, is required to participate in any USPC activity (see USPC Policy 0125A).

STANDARDS OF PROFICIENCY FOR C-1/C-2 LEVEL EVENTING CERTIFICATES

THE C-1 STANDARD

Horse Management Expectations

The candidate should show a developing awareness of cause and effect in the care of their mount. He/she should be familiar with local common horse terms. Assistance is recommended in demonstration of bandaging.

Turnout/Tack

- Attire to be correctly formal or informal. Pony Club pin, USPC or USEA medical armband or bracelet, and a properly fitted equestrian helmet, securely fastened (see USPC Policy 0125A). Long hair neatly up or back. No inappropriate jewelry.
- Mount to be well groomed, reflecting regular care with a healthy coat; no sweat or dirt. Mane and tail brushed with little, if any, dandruff. External areas around sheath/udder clean. Feet picked out and reflecting regular farrier care. Eyes, nose, lips, dock clean.
- All tack to be safe, clean and properly adjusted, reflecting regular care/conditioning with metal polished. No jockeys or dust and all stress points cleaned.
- Identify tack on own mount and discuss fit.

Conditioning

- Discuss the meaning and reasons for conditioning of mount.
- Describe how to condition mount for a particular Pony Club activity of your choice.
- Know the acceptable ranges for temperature, pulse and respiration for a mount at rest and the importance of these numbers.

Nutrition

- Describe how feeds are measured and weighed.
- Know amount and type of feed for own mount.
- Describe characteristics of good and bad feed, watering, and pasture.

Stable Management

- Discuss types of bedding appropriate for your area.
- Safely put a blanket on a mount.
- Demonstrate proper adjustment of blanket/sheet and halter.
- Discuss types and causes of stable vices.
- Describe and give reasons for three types of clipping.
- Describe conditions which foster internal and external parasites, procedure for parasite control in pasture and stall, ways to control flies, and bot eggs.
- Discuss general barn safety procedures for your barn or where your horse is stabled.
- Describe proper use of fire extinguisher and how to tell if it is fully charged.

Breeds, Pony Parts, Conformation & Lameness

- Identify good and bad points of basic leg conformation.
- Describe five common unsoundnesses as to location and outward appearance.

Travel Safety

- Discuss basic equipment needed for mount's safety and comfort during trailer travel.
- Demonstrate trailer safety check from trailer safety checklist on USPC website.
- Discuss safety precautions for riding on a trail including additional precautions during hunting season.

Record Book

- The C-1 is expected to keep a careful Record Book of all vaccinations, veterinary visits, farrier visits, riding activities, etc. The book must be brought to the test for review and critique. Must have records for at least 6 months.

Health Care & Veterinary Knowledge

- Describe how to treat minor wounds.
- Discuss: Regular worming control for own mount; how and why to deworm new mounts in barn and use of fecal test.
- Know health care schedule for own mount including dates of vaccinations (tetanus, encephalomyelitis, etc.), deworming, floating of teeth, shoeing.
- Know the reason for having a Coggins test done.
- Name 3-4 types of teeth found in a horses mouth.

Introduction to Horse Sports

- List all the horse sports that are offered in USPC.

Teaching

- Demonstrate knowledge of safe grooming, handling and tacking up by assisting a D-1 or D-2 to prepare for turnout, under direct supervision of Examiner. Explain to the D member what the appropriate steps are and what safety procedures should be followed. Assess turnout and equipment for safety and explain to the D member any safety concerns and how to fix them.

Land Conservation

- Name three different uses of land on which you, or others, ride. Examples: Farmland, fair grounds, crops, etc.
- If your region conducts a mounted Rally, determine who owns the property where the rally is held and the total amount of acres owned.

Leading & Longeing

- Discuss reasons for longeing.
- Discuss necessary equipment and safety procedures.
- Demonstrate jogging mount, moving mount actively forward from the whip, with smooth transitions.

Foot & Shoeing

- Discuss causes of thrush and prevention.
- Recognize and describe good and bad shoeing.

Bandaging

- Apply stable bandage under direct supervision and with assistance from Examiner.
- Discuss possible effects of poor bandaging technique.

STANDARDS OF PROFICIENCY FOR C-1/C-2 LEVEL EVENTING CERTIFICATES

Safety

- According to the USPC Safety Booklet, describe three signs of heat illness.
- According to the Centers of Disease Control and Prevention, give the definition of "concussion."
- List ways to determine if a riding helmet fits properly.
- Explain what you should do in the event of another rider falling off in the immediate vicinity of where you are riding.

THE C-1 STANDARD Riding Expectations

Candidate should ride with confidence and control demonstrating a secure base of support, a basic balanced position, and use of natural aids. The candidate should begin riding mount freely forward in balance and rhythm while developing a light contact.

Riding on the Flat

- Ride on the flat consistently demonstrating Riding Expectations at all gaits.
- Demonstrate suppling exercises for rider without stirrups at walk.
- Demonstrate mount's warm-up routine for everyday work.
- Discuss candidate's warm-up for both rider and mount with examiner using terms and understanding of the Training Scale.
- Perform figure eights with simple transitions at each gait and demonstrating correct bend.
- Ride without stirrups at the sitting trot.
- Demonstrate long rein, loose rein and light contact at walk.
- Discuss aids for and then demonstrate a turn on the forehand.
- Demonstrate a halt followed by a simple rein back (1-2 steps).
- Ride USEF Beginner Novice Test A.
- Discuss performance with Examiner, including the following: the rider's basic balanced position, whether or not mount was moving freely forward in balance, rhythm, tempo, and whether rider established a light contact.

Riding Over Fences

- Ride over fences using Riding Expectations.
- Ride over small gymnastic grid of three fences finishing with an ascending oxer set at, but not exceed, 2'9" set at appropriate distances for mount's stride.
- Ride over jump course of 6-8 obstacles; include a two-stride combination set at an appropriate distance for mount's stride. The majority of fences should be set at, but not exceed, 2'9".
- Discuss performance with Examiner, including rhythm, tempo and balance and ways ride could be improved.

Riding in the Open

- Ride safely with control in a group, on a suitable mount, at the walk, trot, and canter over varied terrain.
- C-1 speed should not exceed 325 meters per minute to 350 meters per minute.

- Discuss and demonstrate riding safely over varied terrain, incorporating as many of the following elements as local conditions allow: hills, small/shallow ditches, low banks, flat open areas and shallow streams, as available.
- Ride over five to seven cross-country obstacles at appropriate speed (240-350 meters per minute). The majority of fences should be set at, 2'6" – 2'9" but not to exceed, 2'9".
- Discuss performance with Examiner, giving reasons for any disobediences.

THE C-2 STANDARD Horse Management Expectations

The candidate should show a solid awareness of cause and effect in horse management skills. Assistance/supervision is allowed in the demonstrations of bandaging, longeing, and loading mount.

Turnout/Tack & Bits

- Attire to be correctly formal or informal. Pony Club pin, USPC or USEA medical armband or bracelet, and a properly fitted equestrian helmet, securely fastened (see USPC Policy 0125A). Long hair neatly up or back. No inappropriate jewelry. Boots polished and in good repair. Spurs (if used) polished and put on properly.
- Mount to be thoroughly groomed, reflecting regular care with a healthy coat; no sweat or dirt. Mane and tail brushed with little, if any, dandruff. Sheath or udder showing regular attention. Feet picked out and reflecting regular farrier care. Eyes, nose, lips, dock clean.
- All tack to be safe, clean and properly adjusted, reflecting regular care/conditioning with metal polished. No jockeys or dust, and all stress points clean.
- Explain reasons for equipment used on own mount for flat work and over fences.
- Demonstrate proper adjustment and reason for tack used on mount.
- Name three different snaffle bits.

Conditioning

- Discuss a six-to-eight-week conditioning and feeding program in preparation for a specific competition of candidate's choice. Indicate three different types of conditioning work (e.g., hill work, interval training, galloping) that you may be including and expected recovery rates.
- Know vital signs of own mount at work.
- Measure and record pulse, temperature and respiration of own mount at rest under supervision with assistance if necessary.

Nutrition

- Describe own mount's ration when developing fitness, maintaining fitness, taking day off, sick, roughed out.
- Look at a feed label and identify sources of protein, carbohydrates, and fat (can bring own label).

STANDARDS OF PROFICIENCY FOR C-1/C-2 LEVEL EVENTING CERTIFICATES

Stable Management

- Describe caring for a mount efficiently and economically when: Stabled – feed and water schedule, minerals needed, clothing, exercise and grooming. At grass – safety check of pasture, fencing, water, mineral supply, shelter, feed, and grooming. *At grass* – safety check of pasture, fencing, water, mineral supply, shelter, feed, and grooming.
- Discuss knowledge of safety measures, preparation and care of mount and equipment on day of strenuous work with consideration for climate and terrain, cooling out and treatment of any injuries, of own mounts condition.
- Discuss pasture safety and fencing.
- Name three toxic plants in your area and describe appearance.
- Discuss emergency information that should be posted at all barns.

Breeds, Pony Parts, Conformation & Lameness

- Name five basic conformation qualities that you want in a mount for your own use, and how they affect the basic movement and soundness (i.e., sloping shoulder means longer stride).
- Discuss angles of shoulder and hip of own mount.
- Name and locate on a mount the following unsoundnesses: ring-bone, curb, bowed tendons, sidebone, spavin, navicular, splint, thoroughpin, sprains.
- Identify and/or describe parts of the horse's mouth to include bars, lips, incisors, molars, wolf teeth and canines.
- Differentiate between: tobiano and overo; dun and buckskin; grey and cremello.
- Discuss how conformation of own mount is related to breed.

Travel Safety

- Be able to load and unload, with assistance, an experienced, cooperative mount.

Record Book

- Record Book (health, maintenance, vaccinations and riding activities) must be kept up to date and brought to test. Must have records for at least 9 months prior to test. Records should reflect appropriate depth of knowledge for this level.

Health Care & Veterinary Knowledge

- List annual immunizations and health requirements appropriate for your area.
- List prevalent internal parasites in your area.
- Describe routine parasite prevention for your mount.
- Describe how tetanus and strangles are transmitted.
- Explain the need for the regular care of teeth.

Teaching

- Demonstrate a safety and tack inspection for a D Pony Club member under direct supervision of Examiner. Explain to the D member the reason for the check, the process, and any safety issues found.
- Candidate must bring a letter from DC or CA that he/she is assisting in simple unmounted instructional programs for D-level Pony Club members with supervision.

Land Conservation

- Name the zoning requirements for the county in which you keep your horse. Example: A minimum of 10 acres is required to keep one horse.
- Know what public land is available for riding in your county.

Longeing

- Discuss methods, equipment, and safety precautions for longeing.
- Longe own mount, with assistance if necessary, at walk and trot in both directions in an enclosed area while demonstrating the correct use of equipment, body position, posture, and voice.

Foot & Shoeing

- Recognize farrier tools and know their uses.
- Discuss the five steps in shoeing.
- If shod, discuss features of own mount's shoes.

Bandaging

- Apply a shipping and a stable bandage, under supervision of Examiner, and give reasons for use.

Safety

- Have knowledge of heat index and explain how this might affect your personal preparation for an outside activity involving horses.
- List 3-5 signs or symptoms of a concussion.
- List four circumstances where a helmet is required to participate in USPC activities.
- List the four steps in the USPC's "Concussion Return to Play" Action Plan for a rider that may have sustained a concussion.

THE C-2 STANDARD Riding Expectations

Candidate should ride with confidence and control demonstrating a secure balanced position with a secure base of support while progressing toward an independent seat and coordinated use of aids. The candidate should begin to initiate free forward movement, establishing balance and rhythm while developing a light contact.

Riding on the Flat

- Discuss the meaning of the Riding Expectations. Ride consistently demonstrating riding expectations.
- Demonstrate warm-up for flat work including rider exercises.
- Discuss candidate's warm-up for rider and mount using terms and understanding the Training Scale.
- Discuss warm-up schedule for three different activities of candidate's choice.
- Work mount at walk, trot and canter, changing directions at least twice in each gait, using coordinated aids, maintaining even rhythm, balance, impulsion and smooth transitions.
- Demonstrate 15- and 20-meter circles, figure-8s, serpentine and work on the center or quarter lines to develop suppleness and straightness.
- Demonstrate a free walk on a long rein, returning to a walk on contact.

STANDARDS OF PROFICIENCY FOR C-1/C-2 LEVEL EVENTING CERTIFICATES

- Halt squarely on centerline and stand quietly for five seconds.
- Ride mount without stirrups at all gaits.
- Demonstrate a simple rein back (2-3 simple steps back).
- Discuss aids for and then demonstrate leg yield at walk.
- Ride the current USEF Novice Test A.
- Discuss performance with Examiner, including the rider's position, and whether mount was moving forward in balance and rhythm.

Riding Over Fences

- Ride over fences using Riding Expectations.
- Ride over a simple gymnastic grid, finishing with an ascending oxer set at but not to exceed 3' set at appropriate distances for mount's stride at trot or canter.
- Develop a plan of how to ride a stadium course. Course to consist of 7-9 jumps. The majority of fences should be set at, but not exceed, 3'.
- Ride course according to plan.
- Discuss performance with Examiner, including the quality of canter rhythm and tempo maintained throughout the course and ways ride could be improved.

Riding in the Open

- Ride safely with confidence and control in a group, on a suitable mount, at the walk, trot, and canter over varied terrain, through shallow water and small ditches as occur in natural terrain, as available.
- C-2 speed should not exceed 375 mpm.
- Discuss safety measures when riding over varied footing, i.e. water, mud, rocks, ice, bog, hard ground, sand, pavement.
- Ride over five to seven cross-country obstacles, at appropriate speed (350-375 mpm) connecting fences as a course. The majority of fences should be set at, 2'6" - 3', but not exceed, 3'.
- Discuss performance with Examiner, giving reasons for pace, adjustability and stride, tempo and ways ride can be improved.

STANDARDS OF PROFICIENCY FOR C-1/C-2 LEVEL EVENTING CERTIFICATES

Information for Candidates

Requirements for All Candidates

- Be a Pony Club Member in Good Standing.
- Be recommended by the District Commissioner (DC) or Center Administrator (CA).
- Have a thorough knowledge of requirements of the level being tested and be able to discuss and/or demonstrate any requirements from all previously attained standards.
- Candidate must be evaluated on and successfully meet the standards on all sections of the selected test before being awarded the new certificate.
- Adhere to the USPC code of Conduct at all times.
- No child is responsible for the safety of another child. There must always be adult supervision.

Attire

Safe, workmanlike attire, including proper footwear, must be worn in the barn area and when working around mounts. Refer to the Horse Management Handbook.

Refer to the Standards of Proficiency, in this document, for proper Turnout and mounted attire.

A USPC or USEA medical armband or bracelet must be on the candidate's person, as described by the Horse Management Handbook.

A properly fitted equestrian helmet, securely fastened, (see USPC Policy 0125A) must be worn during Turnout and when riding and longeing. Safety vest wear is at the discretion of the member, parent, or guardian.

Presentation of Mount for Turnout

Standards for Turnout are indicated in the Standards of Proficiency and on each appropriate test sheet. Refer to the Horse Management Handbook.

For the purposes of the test, braiding of the mount is not allowed.

All tack must be clean, show regular care and suppleness, and be well adjusted and in good repair.

Stand by mount, on near side, with Examiner, facing rear, reins in left hand below bit, slack in right, changing sides with Examiner.

Equipment

While the D and C-level Standards of Proficiency are not specific to any riding sport or discipline, saddlery and biting for D and C-level should comply with the Horse Management Handbook rules on Saddlery and Biting, as well as with any current USPC discipline rules for Saddlery and Biting.

Appropriate Horse

USPC's commitment to safety for all horses and riders is paramount during a testing at any level. Candidates may bring their own, borrowed, leased or rented mounts to a test. They may present with more than one mount at a test. The care of each of the candidates' mounts at a test is the responsibility of the candidates themselves.

It is the responsibility of the candidate and his/her parent(s) or guardian to bring to or arrange for an appropriate mount(s) at the test. The properly conditioned mount(s) must be capable of the skills required for the level being tested, to include standing for evaluation

of the turnout, bandaging and longeing. For the riding sections, the mounts must be capable of completing the flat, longeing and jumping phases at the heights indicated at the appropriate levels and speeds.

While not recommended, the sharing of suitable mounts for a certification is allowed at the D-1 through D-3 level. However, sharing should only be permitted if:

- Each proposed candidate is familiar with the mount and has ridden it prior to the certification, successfully and safely at the level being evaluated On the Flat and Over Fences, as applicable;
- Each proposed candidate informs the Testing Organizer of the "shared mount" requirement prior to the test day in order to accommodate the mounts' condition and the test schedule. As the safety of horses and riders are paramount, if Examiners determine that shared mounts' condition or other circumstances preclude those mounts' continued participation in the testing, they may indicate the candidates in question must withdraw from the test.

C-1 and C-2 candidates may share a horse if they meet the above criteria and additionally are only testing for the:

- Flat portion of the Traditional Certification.
- Taking the Dressage C1 or C2 Certification.
- Taking only the Jumping portions of the Traditional Certifications.
- Or if the Testing is split into multiple days offering the Flat portions on one day and the Jumping portions on a separate day.

All this is to protect the mount from over use on any given day.

Failure to follow these guidelines will make it difficult for the candidate to meet the standards on that given day or testing experience.

Information on Conducting a Test

Please review the Guidelines for Club and Center-Level Testings found online at www.ponyclub.org.

Clubs and Centers must facilitate a testing opportunity for members a minimum of twice a year. Dates are determined by the District Commissioners (DC) or Center Administrators (CA). This may be done at the local level or in partnership with another club/center, or organized by the region.

At the D/C Levels, tests are designed to and should be conducted in one day. If, due to unforeseen circumstances (such as weather or footing), it is not possible to complete a test in one day, all requirements must be tested/completed within a one-month period if at all possible.

A certification should be educational, working session, covering requirements listed on the tested Standards. However, it is not a "lesson" on each section.

Oral testing and/or demonstration are required for all parts of the horse management phases. Written tests are not allowed. At the discretion of the Examiner(s), members may use their own writing and/or drawing to convey their answers during the questioning and/or discussion periods of the test.

There is no set time limit between taking any of the Club/Center level Tests, but each certificate must be attained in the proper order, and no levels may be skipped. The Horse Management skills and knowledge must be attained prior to presentation of or any riding

STANDARDS OF PROFICIENCY FOR C-1/C-2 LEVEL EVENTING CERTIFICATES

skills evaluation however, there may be exceptions due to weather and facilities. On the Flat sections of the riding skills must be evaluated prior to presentation for the Over Fences evaluation. If members do not meet standard in any portion of the On the Flat section, they may test the Over Fences section of the evaluation only with the approval of the Examiner. If they subsequently meet standards in the Over Fences evaluation, the award of the certificate must wait until the successful evaluation of the HM, flat, and jumping is complete.

The DC, CA, and/or an adult designated by the club, center, or Region, must be present throughout the testing day. In addition, USPC strongly encourages the use of "Impartial Observers" at the tests.

Retest Information

A candidate may retest only if the candidate qualifies for a retest by passing the minimum number of sections stated on the test sheet and the original Examiner has recommended the candidate to retest. Those testing during the current year have until December 1st of the following year to retest. Candidates must arrange for retests through their DC/CA. Please refer to each test sheet for each certificate level for specific requirements for retests.

Examiners (D-1 through C-2)

Please review the Guidelines for Club and Center Level Testings found online at www.ponyclub.org

The DC, CA, or in the case of a regional testing, the RS, selects the Examiners for the D-1 through C-2 tests, based on recommendations of USPC leaders and volunteers and/or participation in a regionally-facilitated Standards of Proficiency clinic.

Examiners should be selected with care, should be completely knowledgeable of the Standards of Proficiency at the level(s) they are testing, as well as the level(s) above and below the one(s) they are testing. DCs, CAs, or RSs must ensure that Examiners have a copy of all current USPC Standards, test sheets, and study guides prior to the test.

Examiners should be mature and sensitive to both young people and their adult supervisors.

Examiners must conduct tests in an educational framework, setting a positive tone that makes every effort to draw the best from each candidate, without allowing the test to become a lesson on the skill in question.

While the test is intended to be a learning experience, Examiners should take care to encourage the candidates to express what they know, rather than a demonstration of what the Examiner knows.

Examiners should bear in mind that candidates and their responses and performances may range from adequate to superior, and anyone within that range, that "Meets Standard" or better, should pass.

Responsibilities and Authorities

The USPC Vice President of Instruction is responsible for the Standards of Proficiency and the general USPC certification program. The actual management may be delegated, for club/center level tests, the club DC or CA is responsible for the scheduling, organizing, and conduct of the tests. This may be in coordination or cooperation within the Region or other clubs/centers.

Any special testing requests, including exceptions or exemptions, must be submitted to the USPC National Office, Attention: Director of Instruction, through the District Commissioner and the Regional Supervisor. The Director of Instruction forwards exceptions or exemptions requests to the Chair, D-1 through C-2 Program Committee, for recommendations. The Vice President of Instruction is the final approval authority.

STANDARDS OF PROFICIENCY FOR C-1/C-2 LEVEL EVENTING CERTIFICATES

Over Fences

C-1 Level

a. Gymnastic Jumping Exercises

Use 4 trot poles placed at 3'6" to 4'6" apart, according to mount's size. You might need to set different distances inside the gymnastic line as well.

b. Course Work

6 to 8 fences, 1/3 of which should be oxers. Set the majority at 2'9". Course should include related distances and one 2-stride combination.

Over Fences

C-2 Level

a. Gymnastic Jumping Exercises

Use 4 trot poles placed at 3'6" to 4'6" apart, according to mount's size. You might need to set different distances inside the gymnastic line as well.

b. Course Work

7 to 9 fences, 1/3 of which should be oxers. Set the majority at 3'. Course should include related distances, bending line and one 1-stride combination.
